

## personal & professional development performance training & neurotherapy

#### STATEMENT OF PROFESSIONAL DISCLOSURE

Clinician Name: Darla Meulemans, MA, CADC III, QMHP-C, EEG-OMC (2015)

**Business Name:** Mind Potential Northwest, *LLC* 

**Office Address:** 5200 S Macadam Avenue, Suite #160

Portland, Oregon

Mailing Address: PO Box 68056

Portland, OR 97268

**Phone:** (503) 757-9557

**Philosophy and Approach:** Personal and Professional Development Programs, as well as Performance Training, Neurotherapy, and Holistic Nutrition Coaching Services, combine cutting-edge neuroscience strategies with practical, natural remedies and the timeless wisdom of the ages. Based on the belief that every human being has within them the capacity to experience wellness and balance -- wisdom and peace, service designed to return clients to their natural, underlying state of security, cognitive flow, and emotional well-being. As a result, clients begin to recognize their capacity for a healthy and productive way of being and learn to identify and overcome patterns that obstruct their experiences of enjoyment, clarity, inspiration, relaxation, creativity, and overall health.

**Qualifications:** Darla holds a M.A. degree in Counseling Psychology, and has specialized training in Addiction Behavior Medicine, EEG Biofeedback (Neurotherapy), and Holistic Nutrition Coaching. She is a member of the Association for Applied Psychophysiology and Biofeedback, a master's level Certified Alcohol and Drug Counselor, a Certified Qualified Mental Health Professional, a Holistic Nutrition Specialist, and an Othmer Method Neurofeedback Practitioner. Since 1995, Darla has had experience working with individuals, couples, families, and businesses. She abides by the Code of Ethics for Helping Professionals and receives professional training & supervision, as needed.

All fees are due at the time of service (cash or check preferred, 4% service charge for Credit Cards), unless previous payment arrangements have been agreed upon. Insurance is not accepted or directly billed, but you can request a Service Invoice with appropriate procedure codes for reimbursement from some Insurance Companies and/or a Health Savings Account.

As a client, you have the following rights:

- ✓ To expect that I have met the minimal qualifications of training and experience required by law;
- ✓ To examine records to confirm education and credentials:
- ✓ To obtain a copy of the Code of Ethics;
- ✓ To report complaints to the American Counseling Association, and/or the Better Business Bureau;
- ✓ To be informed of the cost of professional services before receiving the services;
- ✓ To be assured of privacy, confidentiality and ethical care while receiving services as defined by rule and law, free from being the object of discrimination on the basis of race, religion, age, gender, sexual orientation or other unlawful category while receiving services.

#### STATEMENT OF PROFESSIONAL DISCLOSURE

Clinician Name: Dr. Noel Thomas, N.D.

Business Name: Independent Contractor with Mind Potential Northwest, LLC

Office Address: 5200 S Macadam Avenue, Suite #160

Portland, Oregon

**Phone:** (503) 248-1182

**Philosophy and Approach:** Dr Thomas provides coverage for Neurofeedback sessions when Darla Meulemans is not available. Her practices and protocols are fully in alignment with Mind Potential Northwest's disclosure for providing Neurofeedback Brain Training.

**Qualifications:** Dr. Noël Thomas is a board-certified and licensed naturopathic physician who specializes in holistic approaches to healing including nearly 25 years providing neurofeedback. Her study and use of functional neurology began in 2012 because she feels that, "Therapies that improve brain function improve all of the body's systems." Dr. Thomas is a member of the following organizations: American Association of Naturopathic Physicians, EEG Institute, Ochs Labs, International Association of Functional Neurology and Rehabilitation, Weston A. Price Foundation, and International College of Applied Kinesiology.

All policies, procedures, and protocols are consistent with Mind Potential Northwest.

As a client, you have the following rights:

- ✓ To expect that I have met the minimal qualifications of training and experience required by law;
- ✓ To examine records to confirm education and credentials;
- ✓ To obtain a copy of the Code of Ethics;
- ✓ To report complaints to the American Counseling Association, and/or the Better Business Bureau;
- ✓ To be informed of the cost of professional services before receiving the services;
- ✓ To be assured of privacy, confidentiality and ethical care while receiving services as defined by rule and law, free from being the object of discrimination on the basis of race, religion, age, gender, sexual orientation or other unlawful category while receiving services.

#### STATEMENT OF PROFESSIONAL DISCLOSURE

Clinician Name: Briant Nierstedt, MA, QMHP-C, BCIA

Business Name: Independent Contractor with Mind Potential Northwest, LLC

Office Address: 5200 S Macadam Avenue, Suite #160

Portland, Oregon

**Phone:** (503) 407-8650

**Philosophy and Approach:** Briant provides coverage for Darla when she is not available or when he is a better fit for the clients needs. His approach and protocols are fully in alignment with Mind Potential Northwest's disclosure and providing Personal Development and mentoring Services, as well as Neurofeedback Brain Training.

**Qualifications:** Briant holds a M.A. degree in Counseling Psychology, and has specialized training in behavioral health and EEG Biofeedback. He is a member of the Association for Applied Psychophysiology and Biofeedback, a master's level Certified Qualified Mental Health Professional, and a Board Certified Practitioner with The Biofeedback Certification International Alliance(BCIA). Briant has over 30 years of experience working with individuals or all ages navigating mental health-related challenges. He abides by the Code of Ethics for Helping Professionals and receives professional training & supervision, as needed. Briant is an Associate Neurofeedback Technician and Contracted Consultant with Mind Potential Northwest, LLC.

All policies, procedures, and protocols are consistent with Mind Potential Northwest.

As a client, you have the following rights:

- ✓ To expect that I have met the minimal qualifications of training and experience required by law;
- ✓ To examine records to confirm education and credentials;
- ✓ To obtain a copy of the Code of Ethics;
- ✓ To report complaints to the American Counseling Association, and/or the Better Business Bureau;
- ✓ To be informed of the cost of professional services before receiving the services;
- ✓ To be assured of privacy, confidentiality, and ethical care while receiving services as defined by rule and law, free from being the object of discrimination on the basis of race, religion, age, gender, sexual orientation, or other unlawful category while receiving services.

## personal & professional development performance training & neurotherapy

#### STATEMENT OF PROFESSIONAL DISCLOSURE

Clinician Name: Virginia Rojas-Albrieux, Psychologist, Othmer Method Certified

Business Name: Independent Contractor with Mind Potential Northwest, LLC

**Location:** REMOTE TRAINING ONLY

**Phone:** +57 (315) 311-8068

**Philosophy and Approach:** Virginia provides coverage for distance/remote neurofeedback clients who have a system and are training in their homes. Her approach and protocols are fully in alignment with Mind Potential Northwest's disclosure for providing Neurofeedback Assessment & Remote Brain Training.

**Qualifications:** Virginia Rojas Albrieux is a psychologist residing in Colombia, South America, who has been involved with neurofeedback since 2006, training children and adults in her practice. Virginia is a contracted provider for Mind Potential Northwest, where she conducts remote Neurofeedback sessions for English and Spanish-speaking clients. Additionally, she provides training and mentoring to Neurofeedback clinicians throughout Latin America, Europe, India, and the US, both in English and Spanish. Virginia holds additional studies in Mind/Body medicine and neuropsychology, is particularly interested in developmental trauma, and is very passionate about neuroscience, nutrition, and brain health. She abides by the Code of Ethics for Helping Professionals and receives professional training & supervision, as needed.

All policies, procedures, and protocols are consistent with Mind Potential Northwest.

As a client, you have the following rights:

- ✓ To expect that I have met the minimal qualifications of training and experience required by law;
- ✓ To examine records to confirm education and credentials;
- ✓ To obtain a copy of the Code of Ethics;
- ✓ To report complaints to the American Counseling Association, and/or the Better Business Bureau;
- ✓ To be informed of the cost of professional services before receiving the services;

  To be assured of privacy, confidentiality, and ethical care while receiving services as defined by rule and law, free from being the object of discrimination on the basis of race, religion, age, gender, sexual orientation, or other unlawful category while receiving services.

This is to confirm that I have read and understood the contents of this professional disclosure statement.

#### MIND POTENTIAL NORTHWEST, LLC NOTICE OF PRIVACY PRACTICES

The Health Insurance Portability and Accountability Act (HIPAA) –Revised: November 7, 2022 (This notice describes how health information about you may be used and disclosed and how you can get access to this information).

#### YOUR HEALTH INFORMATION

This notice applies to the information and records we have about your health, health status, and the health care services you receive at this office. Your health information may include information created and received by this office, which may be in the form of spoken words, written or electronic records, and may include information about your health history, health status, symptoms, examination, test results, diagnoses, treatment, procedures, prescriptions, related billing activity and similar types of health-related information. We are required by law to give you this notice. It will tell you about the ways in which we may use and disclose health information about you and describe your rights and our obligations regarding the use and disclosure of that information.

#### HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

We may use and disclose health information for the following purposes:

**For Treatment: We** may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors, nurses, technicians, office staff or other personnel who are involved in taking care of you and your health.

**For Payment: We** may use and disclose health information about you so that the treatment and services you receive at this office may be billed to and payment may be collected from you, an insurance company, or a third party. For example, we may need to give your health plan information about a service that you received here so your health plan will pay us or reimburse you for the service. We may also tell your plan about a treatment you are going to receive to obtain prior approval, or to determine whether your plan will pay for the treatment.

**For Healthcare Operations:** We may use and disclose health information about you in order to run the office and make sure that you and our patients receive quality care.

For example: We may disclose your health information to health plans that provide you insurance coverage and other health care providers that care for you. Our disclosures of your health information to plans and other providers may be for the purpose of helping these plans and providers provide or improve care, reduce cost, coordinate and manage health care and services, train staff and comply with the law.

**Appointment Reminders: We** may contact you as a reminder that you have an appointment for treatment or medical care at the office. Please notify us in writing if you do not wish to be contacted for appointment reminders.

**Treatment Alternatives: We** may tell you about or recommend possible treatment options or alternatives that may be of interest to you.

**Health-Related Products and Services: We** may tell you about health-related products or services that may be of interest to you. Please notify us in writing if you do not wish to receive communications about treatment alternatives or health-related products or services.

#### **SPECIAL SITUATIONS**

We may use or disclose health information about you for the following purposes, subject to all applicable legal requirements and limitations:

**To Avert a Serious Threat to Health or Safety:** We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. **Required By Law:** We will disclose health information about you when required to do so by federal, state, or local law. **Research:** We may use and disclose health information about you for research projects that are subject to a special approval process. We will ask you for your permission if the researcher has access to your name, address, or other information that reveals who you are, or will be involved in your care at the office.

**Military, Veterans, National Security and Intelligence:** If you are or were a member of the armed forces, or part of the national security or intelligence communities, we may be required by military command or other government authorities to release health information about you. We may also release information about foreign military personnel to the appropriate foreign military authority.

**Workers' Compensation:** We may release health information about you for workers' compensation or similar programs. These programs provide benefit for work-related injuries or illness.

**Public Health Risks:** We may disclose health information about you for public health reasons to prevent or control disease, injury or disability; or report births, deaths, suspected abuse or neglect, non-accidental physical injuries, reactions to medications or problems with products.

**Health Oversight Activities:** We may disclose health information to a health oversight agency for audits, investigations, inspections, or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the healthcare system, government programs, and compliance with civil right laws.

**Lawsuits and Disputes:** If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administration order. Subject to all applicable legal requirements, we may also disclose health information about you in response to a subpoena.

**Law Enforcement:** We may release health information if asked to do so by a law enforcement official in response to a court order, subpoena, warrant, summons or similar process, subject to all application legal requirements.

**Coroners, Medical Examiners and Funeral Directors:** We may release health information to a coroner or medical examiner.

**Information Not Personally Identifiable:** We may use or disclose health information about you in a way that does not personally identify you or reveal who you are.

**Family and Friends:** We may disclose health information about you to your family members or friends if we obtain your verbal agreement to do so or if we give you an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family or friends if we can infer from the circumstances, based on our professional judgment that you would not object. For example, we may assume you agree to our disclosure of your personal health information to your spouse when you bring your spouse with you into the exam room during treatment or while treatment is discussed. We may also use our professional judgment and experience to make reasonable inferences that it is in your best interest to allow another person to act on your behalf, (ex-to have someone pick up medical supplies for you).

#### OTHER USES AND DISCLOSURES OF HEALTH INFORMATION

We will not use or disclose your health information for any purpose other than those identified in the previous sections without your specific written *Authorization*. If you give us *Authorization* to use or disclose health information about you, you may revoke that *Authorization*, in writing, at any time. If you revoke your *Authorization*, we will no longer use or disclose information about you for the reasons covered by your written *Authorization*, but we cannot take back any uses or disclosures already made with your permission. In some instances, we may need specific, written authorization from you in order to disclose certain types of specialty-protected information such as HIV, substance abuse, mental health, and genetic testing information.

#### YOUR RIGHTS REGARDING HEALTH INFORMATION ABOUT YOU

You have the following rights regarding health information we maintain about you:

**Right to inspect and copy**: You have the right to inspect and request a copy of your health information, such as medical and billing records. You must submit a written request to Mind Potential Northwest LLC: Attn: HIPAA Privacy Officer. If you request a copy of the information, we may charge a fee for related costs. In certain limited circumstances, we may deny your request to inspect and/or copy records. If you wish to contest the denial and the law gives you a right to have the denial reviewed, we will select a licensed healthcare professional to review your request and our denial. The person conducting the review will not be the person who denied the request and we will comply with the outcome of the review.

**Right to Amend**: If you believe that the health information we have on file is incorrect or incomplete, you may ask us to amend the information. Your request must be made in writing and must explain why the information should be amended. If we did not create the information, you want amended or for certain other circumstances, we may deny your request. If we deny your request, we will provide a written explanation. If denied, you have the right to file a statement of disagreement with the decision which we will keep on file.

**Right to Accounting of Disclosures**: You have the right to request a copy of the list of disclosures we made of medication information about you for the purpose of your treatment, payment, health care operations, and a limited number of special circumstances involving national security correctional institutions and law enforcement. The list will also exclude any disclosures we have made based on your written authorization. Requests must be received in writing and must include a time period which may not be longer than 6 years and may not include dates before April 14, 2003. We may charge a fee for related costs.

**Right to Request Restriction**: You have the right to request a restriction or limitation on the health information we use or disclose about you for treatment, payment or health care operations. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for it, like a family member or friend. We will comply with your requests unless the information is needed to provide you with emergency treatment, or we are required by law to use or disclose the information. All requests for restrictions must be received in writing.

**Right to Request Confidential Communications**: You have the right to request that we communicate with you about medical matters in a certain way or at certain locations. For example, you can ask that we only contact you at work or by mail. All requests must be received in writing, and you must specify how or where you wish to be contacted.

#### **CHANGES TO THIS NOTICE**

We reserve the right to change this notice and to make the revised or changed notice effective for medical information we already have about you, as well as any information we receive in the future. You are entitled to a copy of the notice currently in effect.

#### **COMPLAINTS**

If you believe your privacy rights have been violated, you may file a complaint with our office and the Secretary of the Department of Health and Human Services. All complaints must be received in writing and will be reviewed and responded to as appropriate. You will not be penalized for filing a complaint.
